♡ A sprinkle of magic in every bite!

OUR STORY

Sanrio Cake House began as a little dream in a cozy kitchen, just a love for baking and a big admiration for the joyful world of Sanrio. What started with simple cupcakes for friends quickly grew into a cake studio where birthdays, baby showers, anniversaries, and everyday moments are made sweeter.

Now, we're proud to share our cakes with a growing community that believes in celebrating life with a touch of wonder, one slice at a time♡.

TRENDING CAKES

Several cake trends are popular right now, including minimalist designs, abstract buttercream painting, geometric shapes, and metallic accents. Other trending cake features include edible flowers, 3D designs, marbled effects, whimsical details, oversized cakes, and customized designs. When it comes to flavors, chocolate, cheesecake, and pineapple are popular choices. Exotic flavors like dragon fruit, passionfruit, and lychee are also gaining traction. Additionally, burn-away cakes, where an image is revealed when a rice paper layer is burnt off, are a viral trend. We can customize cakes depending on your favorite trends, likes, tastes, and preferences.
